

Would you like
your meat
raised without
antibiotics?

The following major restaurants are among those that have taken action to transition away from serving meat raised with antibiotics.

<u>B7</u> Beef	<u>Chick-fil-A</u> Chicken (within five years)	<u>Elevation Burger</u> Chicken, Hamburgers	<u>Pret-a-Manger</u> Chicken, beef, pork
<u>BGR</u> Hamburgers	<u>Chop't</u> Chicken, beef	<u>Jason's Deli</u> Chicken	<u>Protein Bar</u> Chicken
<u>Boloco</u> Beef, chicken (dark meat only)	<u>Chipotle</u> Chicken, pork	<u>Noodles & Co</u> Pork	<u>Roti</u> Chicken
<u>BurgerFi</u> Hamburgers, Hot Dogs	<u>Cosi</u> Chicken	<u>Panera</u> Chicken, Roasted Turkey Sausage, Ham (salads and sandwiches only)	<u>Shake Shack</u> Beef
<u>Carl's Jr.</u> The All-Natural Burger	<u>Culver's</u> Chicken Tenders		<u>Shop House</u> All meat
			<u>Sweetgreen</u> All proteins

We urge McDonalds USA and others to join this effort and stop their purchase of meat raised with antibiotics.
